

SENIORS ROGER PALUZZI, BRUCE RAMPH, and LYNN KINSKY work on their projects for the Science Fair which will take place March 1, 2, and 3 at the school.

HHS Sends Three Orators To American Legion Contest

Hialeah senior Lottie LeDoux won the Hialeah Post 32 chapter of the American Legion oratory contest.

The contest, dealing with the Constitution of the United States was composed of two parts. A ten to twelve minute original oration and a four to six minute extemporaneous portion which the contestant has five minutes to prepare.

Karen Morahan, Linda Barger, and Lottie LeDoux were chosen to represent Hialeah High after a school contest was held.

In the city contest, Lottie placed first over Karen and Linda, but all three represented different posts in

the county contest which was won by Alan Goodman of Miami Beach.

Shirley Hull Goes To State
In the South Florida Districts for qualifications for the state debate meet in Gainesville in March, the Hialeah debaters placed Fourth.

The first three schools, however, Norland, Coral Gables, and Miami Beach, will send the only teams to State.

Hialeah's teams won four out of four. Karen Morahan and Lottie LeDoux won 2-2 and Linda Barger and Wayne Cloutier also split 2-2. The topic of their debate was Federal Aid to Education.

The next event will be the State N.F.L. meet at Stetson University in late March. This contest will feature individual events as well as debate.

Lucky 14 Make Dean's List

Because of an error the Dean's list did not accompany the Honor Roll in the last paper, so here it is!

Sophomore homeroom 404 section 10-34 copped individual homeroom honors with 3 students on the Dean's List. They were Paul Stokes, Susan Todd, David Weiss. Seniors were: 12-16, Kent Mommsen; 12-19, Peter Galotta, Bobby Poole; 12-24, Linda Terry.

The Juniors weer Cathy Spaggia and Paula Nellson. Other than those already listed the following sophomores also made the coveted straight "A's": 10-7, Richard De-Tuccio; 10-13, Bill Hodges; 10-15, Leonard "Gerry" Litzinger; 10-11, William Handcock; 10-35, Gloria Doubrava.

Carolyn Thomas Wins Award

Carolyn Elizabeth Thomas is winner in our school in the 1962 Betty Crocker Search for the American Homemaker of Tomorrow. She achieved the highest score in the examination on homemaking knowledge and attitudes taken by senior girls Dec. 5.

She now become eligible along with winners in other high schools, for the title of State Homemaker of Tomorrow.

The girl named State Homemaker of Tomorrow is provided a \$1,500 scholarship by General Mills, sponsor of the program. The state runner-up will receive a \$500 scholarship.

Apply Now For D.C.J.C.

For all students who are planning to attend Dade County Jr. College in September and for anyone who may attend Dade sometime in the range of this next year it should be interesting and wise for them to consider summer sessions offered by Dade. All summer sessions start June 25 and last throughout the summer till August 1. It is required, however, that students take no more than two credits at this time.

If on the other hand your problem or interest does not dwell on summer sessions at Dade, you may be concerned with information in the direction of scholarships. In that case you should know that you can obtain information of this type by contacting your guidance counselor and inquiring about the new bulletin which will be issued by the college during the next month. This booklet contains information covering every phase of practically any field high school students could be. The new bulletin covers a wide range of fields and many ways in which high school students may secure loads and scholarship help in the direction of their college education at Dade County Jr. College.

Students should now be submitting their applications for the fall term as acceptance is on a first come, first serve basis.

HHS Students Display Science Fair Projects

How would you like to win a ten-day all expense paid trip to Europe? Or three hundred dollars?

"This is an excellent chance for scientifically minded students to win either one, both or many more prizes by entering the Science Fair to be held March 1, 2, and 3, stated Mr. Gerald Bloom, sponsor of the Annual School Science Fair.

The projects will be set up in the balcony of the auditorium and will be open to the public all day March 1, Friday, March 2, 3:30-8:30 and Saturday morning, March 3, 9-12.

Dr. Leo Boles, science department head at Miami Springs Junior High, Wes Ries, traveling science teacher in Dade County, and Leonard Par-due, Meteorologist of the Miami Weather Bureau will judge the school fair. The winner of the school fair will represent Hialeah in the Eighth Annual Regional Fair at

the Dinner Key Auditorium, March 21 and will be judged at 7:30 that night.

In the Senior Division, Hialeah is eligible to enter 25 projects.

The exhibit classifications will be chemistry and nuclear physics, geology-weather and conservation, electronics, physics, engineering, zoology invertebrates, zoology-other-vertebrates, botany, pure mathematics, and applied mathematics.

Awards will be given for all divisions under the classifications of superior, excellent, and honorable mention.

Winners of the Regional Contest

will be awarded a ten-day all-expense paid tour of Spain and Portugal. This trip, offered by the Miami Herald is sponsored by Parade magazine. Hialeah's winner and 60 other outstanding young Americans will travel via chartered TWA jet-liner which will leave New York April 28. A complete set of the new 1962 edition of the Encyclopedia Britannica, a cash award of \$300 is offered by the Miami Herald to an outstanding exhibitor in biological science, physical science or mathematics, and a \$900 tuition scholarship offered by the University of Miami.

Advertising Contest Open

An opportunity to win as much as \$625.00 and a trip to Denver, Colorado, is being offered students of Hialeah High School in the Advertising Editorial Writing Contest

launched this week.

This is the 16 annual contest put on by the Advertising Club of Greater Miami and the Advertising Federation of America. The subject this year, "Advertising . . . and the Free World," is a challenging one and offers unlimited opportunity for students to express opinions. Because it is an Editorial writing contest personal opinions are as important as facts.

There are actually four contests: Our School Contest in which prizes of \$25.00, \$15.00 and \$10.00 are provided by Webster Outdoor Advertising, the school sponsor; the County Contest in which the winning Editorial from each school competes for prizes of \$100.00, \$50.00 and \$25.00; a State Contest with a trip to Jacksonville as the prize; a National Contest with prizes of \$500.00 and a trip to Denver, Colorado, \$200.00 and \$100.00.

Full details and entry blanks may be obtained from your English Teacher or Mrs. Laura Keyes, the school coordinator. Deadline for submitting entries is March 9.

Plans Made; "Peter Pan" Is Underway

Preparations are now being made for the upcoming senior play, "Peter Pan".

All casting and backstage work will be derived from Miss Sandra Riley's 6th period drama class.

Casting took place February 19, 20, 21, with Donna Gurnic, director in charge.

It is still being considered as to whether it shall be a musical or straight play.

Proceeds from tickets will be divided between the Senior Class and the Drama Department.

1962 Hi-Ways Is Finished!

Hi-Ways, 1962 edition, went to press February 15, ending six months of dedicated labor by 40 annual staff members.

Editors Deanna Schultz and Lurlene Gallagher breathed a

sigh of relief as Mrs. Alfreda Miller shipped off the 304 page blueprint to Taylor Publishing Company of Dallas, Texas.

This year's book is filled with photographs depicting school

life and is bound by a unique type of cover. As Hialeah High is to be the third annual for Taylor's to print, it should take from seven to eight weeks for completion.

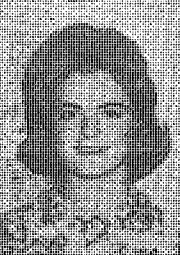

EDITORS DEANNA SCHULTZ and LURLENE GALLAGHER and business manager DEANNA BROCKWAY look over the final pages of the last section of the Hialeah Hi-Ways. The annual is the largest in the school's history.

The Record Speaks

"We Are Guilty!"

By Nancy Franks

Freedom is something which is in every one of us. It was proclaimed by our ancestry and encouraged with the passing from generation to generation until it has finally reached us, the people of the United States, the democracy of the world.

Through the decades the contemporaries of our parents and our grandparents have preserved the ideal that America is the home for the wayward, the appeaser of the expedients, the pacifier of nations, the example of governments. She has been the refuge, the avenger, the symbol of peace and liberty.

Now it is up to us, as a member of our generation, to keep alive in the world the hope and faith shared by millions inspired by those before us.

We as the newest group retiring the old, have been perhaps pampered by our fathers. But this fault has never waived those ideals and beliefs that each American keeps alive within himself.

We have to carry on where our fathers will leave off. Yet we can only do so for a short while.

This is not because an evil force titled Communism is slowly contaminating the world. It is because we ourselves are contaminating the world.

Every time we insult or intimidate Harvey the Jew or Susie the Catholic or Nathan the "nigger" we promote the only force which will annihilate the World and the one in which Communism breeds—prejudice.

Sometimes we wonder what a democracy is when we see such facts as Mississippi spending \$23 educating its Negroes and \$114 for the whites, when a man is refused admission to a restaurant because he doesn't believe in Christ, when men are refused jobs because they are Mexican, or Japanese and when innocent children are rejected from playgrounds because they are black, have slanted eyes, or talk with an accent.

We claim that we are a democracy because we have such rights as to vote, to choose our religion to run for office, to speak up. But is this true for all?

The Negro has the right to vote, but only 12 per cent in the past decade exercised this right because those who weren't disqualified by the so-called "educational requirement test", were driven away by the pseudo-legal practices of violence, terror, and intimidation.

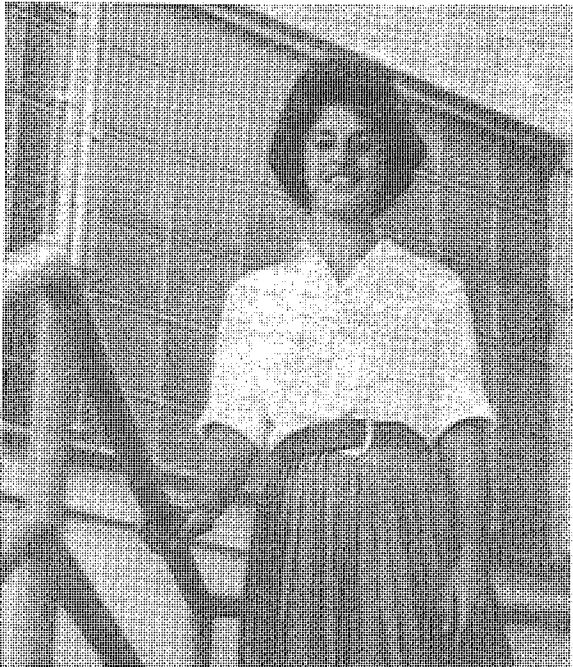

The Jew has the choice of religion but when he chooses he becomes ostracized by his democratic society and humiliated by the ever recurring swastikas.

In the past presidential election, religion played an important role. Never before has there been a Catholic President. Every one has the right to run for office? Do we see many Negro governors or Chinese-American senators?

Prejudice is a crime of which all of us are guilty and we will continue to do so, if we believe that this is all right as long as we are not a member of the discriminated faction.

The job which will face us in our effort to ease the tension will be to eliminate prejudice. We cannot do this in the term of one generation, but we will have to in order that our civilization will remain for our children.

Hialeah Paper Doll

THE RECORD PRESENTS ARLENE KRACZYK, a Hialeah High junior, who finds herself up to her ears in sports activities. She has played on the volleyball team, the basketball team and various other intramural teams. She is also an active cheerer on the Pep Squad.

Finian's We Congratulate

I believe I speak for all who saw Finian's Rainbow; it was truly the best production Hialeah has presented.

Those students who worked so hard in order to achieve perfection deserve a vote of recognition—those backstage as well as those on stage. The dancers danced, the singers sang, the orchestra played, the hams hammed, and the actors acted.

Congratulations Miss Sandra Riley, Miss Rosemary Slacks, Mr. William Inglis, and Mr. Logan Turrentine; YOU have made Hialeah history!

Signed,
Beverly Knight

Free Thinker vs. Conservative

A strange thing sometimes happens when teenagers gather in a group. They will have a conversation: an old-fashioned, deep-thinking, fairly literate conversation. Instead of boasting about dates, they discuss art: music, painting, the ballet. Or, the topic may swivel half-jokingly, half-seriously, around embryonic, newly-formed scientific theories: multiple dimensions, infinite universes, and the substance and scope of the Universe.

But these faint beginnings of a thinking class are surrounded by what might be called The Enemy. If anyone daring in the audience wishes to try an experiment, debate the question of precognition versus man's free will. The stares will be many, long, and extremely puzzled. Or, walk through a congregation of students while discussing the similarities of Occidental and Oriental religions. Thirty pairs of eyes can burn a small hole in the back of one's head.

Although the latter group of students seemingly does not wish to carry on such conversations, it should allow those who do wish so to live without fear of becoming freaks.

College Becomes a Challenge

Every year over the country, a particular type of student enters college. This is the species of young man between the ages of 18-21 who is looking forward to the wild parties and gay times of college life. As far as he is concerned college will be one big party after another. Instead of studying, he plans to spend his entire free time chasing coeds, raiding sororities, and/or guzzling beer.

Unfortunately, this public playboy soon learns the bitter facts. When he was a senior, life was easy; homework could be done in a few hours, leaving a whole night to run around. But as a freshman in college, he considers himself lucky to have only ten hours of torture. He no longer has time for such extra-curricular activities as TV, beer, stereos, pool, dragging and chicks. Soon this happy hedonist learns that college is not a nine month social society, but an important step in his ladder to success.

College to a freshman is like climbing slippery stairs in the dark. Each step must be made carefully and diligently, else the student becomes a failure.

At college we will be placed on our own. There will be no parents or dictators to tell us what to do. It is up to us to accept the rigors of a college education. It is a challenge for us to make the best of ourselves. Will you accept the challenge?

Cheerers Uniforms Change Colors

"Did you change your colors to pink and blue?"
"Of course not! Why do you ask such a silly question?"
"Well, your cheerleaders are wearing pink blouses and light blue skirts so I just thought that . . ."

This is possible conversation among Hialeah fans and their rivals. The cheerleaders' uniforms are so faded and worn that people can't even distinguish the school colors.

The cheerleaders of your school have been wearing the same "hand-me-down" uniforms for the past four years. This results in a minimum use of 110 times per year for football and basketball alone. This does not include pep rallies, baseball games, or special appearances.

A few months ago an article appeared in this paper stating that the cheerleaders had reached their goal for new uniforms. This is not true; and it never will be unless they are paid the money owed to them by the Athletic Department.

This summer the cheerleaders spent almost two months selling ads for the Varsity Athletic Program distributed at the football games. In return for the sales, they were to receive a percent of every ad they sold. he girls have not as yet been paid their hard-earned money.

How about it Hialeahs? Don't you want to be proud of the representatives of your school? Let the cheerleaders know you're behind them and are willing to fight with them to get new uniforms. Maybe then we'll be rid of the cheer—"Pink and blue, we're for you . . .!"

Reading Educates Us

Living as we do today in a world filled with the excitement of new scientific discoveries, television, and the possibility of space travel we sometimes tend to forget the importance of literature in our everyday life.

Those who feel that reading doesn't appeal to them and think of it is a waste of time, should remember that air travel, air warfare, submarines, tanks, satellites and astronauts were written about and predicted by authors before they ever came into existence.

Literature is, to quote the French, "Conversation with the best people of bygone ages". You can read of their customs, habits and ways of life. You can get a personal insight into the lives of people who turned the tides of history to make the world what it is today.

Literature offers books on every subject and in every field of interest. You may read books of fiction, novels or short stories, or perhaps you are interested in history, world affairs, biographies, science or religion. Perhaps adventure, travel, and the arts are your choice of reading material.

But whatever your choice or excuse may be, it will be a sorry day when we admit we haven't the time or initiative to polish up a rusty brain by learning and educating ourselves by reading.

Scholarships? Is The Question!

Are you one of the poor unfortunates that shrugs when you hear the question, are you going to go to college? The give-up attitude is very prevalent now-a-days or so it seems. Many high school students with satisfactory grades overlook attending college. "How am I going to raise the money?" asked one senior in despair.

Higher education has become a necessity in the twentieth century for ambitious students who plan or desire to go to college in order to become professionals in their later lives. Should these people who are willing to expose themselves to four more years of hard work and studying be left to handle this tough situation on their own? Well, the answer to this question is NO!

Scholarships today are made available to the student who finds that he is financially handicapped and needs economic aid in order to further their studies. The scholarships are piled in Mr. Robert Mohr's office waiting for some pertinent, student on a quest for help to stumble across them. Many don't realize that the purpose for scholarships is generally to give aid to those who truly need it. Don't let yourself continue to think that scholarships are solely for especially gifted students with amazingly excellent academic averages, or students with athletic abilities.

Go out and do something; remember, there are scholarships for everything you can think of from physics to Home Economics. Take advantage instead of resigning yourself to mental anguish which most likely will result in nothing but a long headache prolonged through the rest of the school term.

Senior Play Gets Answer

All I can do in refutation of the article that appeared in the February 13 issue of the Hialeah High Record, is to restate my recommendations regarding the Senior class play as I presented them to the Senior Senate in their January meeting.

In the past we have been using open casting and have encountered many problems on this account. One in particular is the fact that the difficult principles of acting must be taught and hence mastered with each new production. Therefore, we should use those people who are at present studying acting.

We discussed this point, and other production problems and the question was then put to the Senior Senators for discussion and approval. They approved my recommendations and I am now following my plan as presented.

We will do our very best to make this production a success and we hope that we will have your cooperation.

Sincerely,
Miss Riley

Walter Worm's Eye View

By Beverly Knight

I never thought I could do it! In biology last week we studied the external portion of the, ugh, worm. Things would have been so bad if my lab partner would have been there—after all, he's only six-foot two inches tall, and weighs 173 pounds of courage and endurance. But, lo and behold, he had to attend a concert and was excused. Another feminine creature and I decided to brave it, so we went through the motions of: 1. open dissecting kit, 2. clear table, 3. fill out lab sheets, and 4. shrink into the wood-work when told to extract a worm from a large bucket. We snagged a member of the opposite sex to acquire our, ugh, worm for us, and chuckling, he departed, probably thinking what scaredy-cats we were. When he returned with our, ugh, worm, in a dissecting pan, I imagined he would be perhaps two inches long. After recuperating from a period of unconsciousness, I discovered him to be an entire foot in length!

He smelled rather unpleasant and he had little bristles on each segment which enabled him to stay rather nicely in the ground. After forcing myself to touch him, I realized the poor little worm needed love and not rebuke.

After studying my worm, whom I have named Walter, I had to deposit him in a jar of formaldehyde. Now he is rather comfortably contained in the jar and it is my next unpleasant job to dissect poor Walter . . . Sniff!

Personality Of The Month Senora Peggy Reese

Mrs. Peggy Reese, a two-generation native Floridian, loves life... "When I get up in the morning, I'm so thankful that I've got another day," she said. Born and raised in Cocoa, Florida, she attended Florida Southern College and Georgia State College for Women. She has taught in Georgia and Florida, teaching physical education, "Which is my first love," as Mrs. Reese puts it, and has also taught Spanish, which she is presently teaching at HHS.

Enjoying the out-of-doors as she does, much of her time is occupied by tennis, dancing, and she hopes to take up golf again in the near future. Besides sporting, she is enlightened by listening to and playing good music on the piano, as well as cooking a good, hearty, meal.

In addition to all of these other activities, Mrs. Reese is the sponsor of Spanish National Honor Society and the Junior Class, which shows that she loves teaching and working with boys and girls. She began teaching at HHS when it first opened, some eight years ago, then left for three years when she taught Spanish at Miami Springs Junior High.

Mrs. Reese has two daughters, one, Pam, a senior at HHS, and another, Nancy, who is in the sixth grade.

Rose Marie Menes Dances Toward The Lights Of Ballet

By Angelo Clasca

Ten years of hard study and dedicated training will soon pay off for senior Rose-Marie Menes, when she graduates from Hialeah High and travels to New York to audition for one of America's leading ballet companies.

Since her early youth, Rose-Marie has displayed an affinity for the theatre. At the age of nine she received her first scholarship from George Milenoff, her ballet master and great friend. This touched off a series of numerous scholarships which she was offered. At present Rose-Marie is under contract with the newly organized, Milenoff Ballet Foundation.

A busy girl, Rose-Marie is regularly performing professionally at various hotels throughout South Florida, such as the Algiers, and Fountainbleau, and has appeared on several television programs. Her ballet classes require an extensive amount of studying and physical training. "Ballet demands deep concentration on the part of the dancer in order to artfully combine the body and rhythmic movement with music," states Rose-Marie.

The National Ballet of Canada, Ballet Russe de Monte Carlo, Robert Joffery Ballet, and American Ballet Theatre, have offered scholarships and contracts to Miss Menes. Nevertheless, she decided to remain in Miami and finish school before accepting the offers or joining a company.

A devoted reader and classical music enthusiast, Rose-Marie possesses a remarkable affection for the arts. She comments, "Miamians should promote the arts in every way possible. It is my opinion that this is the best way to extend to Miamians the opportunity to better appreciate the finer and more intellectual forms of entertainment."

Being Civitan sweetheart, associate editor of the Hialeah Record, a member of Quill and Scroll and a Thespian keeps her quite active in school affairs. In 'Finian's Rainbow', Rose-Marie portrayed and danced the role of Susan Mahoney. When asked her opinion of the play she remarked, "Finian's was Hialeah's greatest achievement, and taking part in the production with the assistance of Mr. William Inglis, and Miss Sandra Riley was a thrilling and profitable experience."

In regards to her career Rose-Marie states, "My greatest ambition in life is to become a ballerina. The Ballet has always been my major interest, after I graduate, it will become my life."

Science Research Delves To Unknown Worlds

By Bill Miller

The Science Research Class is a gallery of scientific equipment, studious faces and high IQ's. Upon my visit there, I met some very interesting people and their work.

My first encounter was with David Weiss, sophomore, who was seemingly perplexed because his project, "The problem of Being" is unsolvable. Ironically, his work consisted of no apparatus, but showed much thought, work and decision. By being, David meant existence. His problem was to analyze being, or a basic analysis of the Truths of Life. When I told him that I could see no problem in being, or existence, he said, "That's just the point. The problem of being is directly related to failure to recognize the problem."

Cheerleader Carol Richards was the next researcher. She was working on how rats fight bacteria from open wounds. This has been something about which scientists have been wondering for some time. She had tested different parts of the rat's body, and when I was talking to her she was observing a slide of the animal's intestine.

Carol Ann Richards is shown with her slide of the rat intestine she is studying in connection with the fight against bacteria.

Our World Is Unlimited—Use It!

By Kathleen Blair

The sky is a measure for success. The stars are the goal for every person who wants to stop being little and grow. The wind is the scale that weighs profit, pain, and joy. The horizon reaches out to widen thoughts. Loneliness gives wings to all who desire friendship.

The world is opportunity surrounding every living being. It is waiting to be used, but when used, remains new. There is no end to the height, width or depth that is within the scope of attainment.

Science Club Members Speak At Convention

Three Hialeah High School students have been chosen to be speakers at the Florida Junior Academy of Science Convention March 2 and 3 at the University of South Florida in Tampa. The purpose of the convention will be to provide experience for future scientists in presenting papers which they have written.

Sheri Chosen "Miss Aviation"

Hialeah's own Sheri Vaughn was chosen "Miss Miami Model Aviation" during the 1961 King Orange International, held December 29th through 31st. As a result of her victory as "Miss Miami Model Aviation" Sheri's picture appears on the February, 1962, issue of a prominent magazine, The American Model Aviation, which is sponsored by The Air Training Corps Flying Corp, also sponsoring iHaleah's JATO club. Sheri was photographed for the magazine by world-traveled photographer, Mr. Bill Dean.

Actors Clean Up

At the suggestion of Mr. Pease, members of the Thespian drama club, under the direction of their sponsor, Miss Sandra Riley, cleaned, swept, and dusted the loft above the auditorium.

The loft, which was once used as a classroom for the Drama students, is now being used as a storage room for set designs, furniture, rugs, and all the other props which are too large to be kept in the prop closet. All of the work was done after school at 3:15 and at 4:15.

In the future, several of the girls in the club plan to make curtains so that the loft will not be visible from the stage.

"The loft is an excellent place for storing props," said one Thespian member. "But because of the excess clutter, it began to lose its usefulness."

Key Plans Career Day

After passing final approval from the administration, Key Club has begun plans for their annual Career Day program. Tuesday, April 13, and Thursday, April 5, are the designated days for this activity.

Three assemblies will be held on April 13, one each for the senior, junior, and sophomore classes. A guest speaker will appear at each assembly to talk on "Why my choice of career will be one of the most important decisions of my life."

On the following Thursday, information on ten professions will be presented during the second through seventh periods. The selection of these professions will be made on the basis of interest surveys recently conducted in the history classes. Students interested in hearing a talk on their chosen career will attend these talks during their regular history periods.

**WHITEY'S
BARBER SHOP**
836 East 9th Street
HIALEAH

**ARE YOU PREPARED
FOR
MARCH 17?
Civinettes Club**

In the Senior High Experimental category Robert W. Poole, Jr., will speak on "A Comparison of Carbon Monoxide Fixation and Evolution by Green Peppers and the Portuguese Man-of-War"; Daniel Lee Smith's paper is titled "Variations of Temperature and Salinity in Florida Current."

The other Hialeah High entry is in the Senior High Literary category. Harry E. Pohl, Jr., will present his paper "Plotting the Hurricane." Marilyn Kinsky and Mary Louise Steele also submitted papers and were awarded Certificates of Merit.

Out of eight papers selected from the state in each category, four in the first category were from this area, the other being from Coral Gables and Miami High Schools. In the Literary category the only winner was from Hialeah High.

The Hialeah delegation to the convention will consist of the club sponsor, Miss Shirley Jean Wright and ten members: the three speakers and seven others. These are: Melvin Ambuehl; Peter Clasca; Marilyn Kinsky; Michael Pendas; Paul Sorensen; Mary Louise Steel; and David Weiss.

Events Near

The following are the events in the next two weeks of interest to H.H.S. students:

Feb. 28-March 3—Basketball Tournament
March 6-7—11 grade testing
March 8—Wheel Club dance
March 10—National Merit assembly.

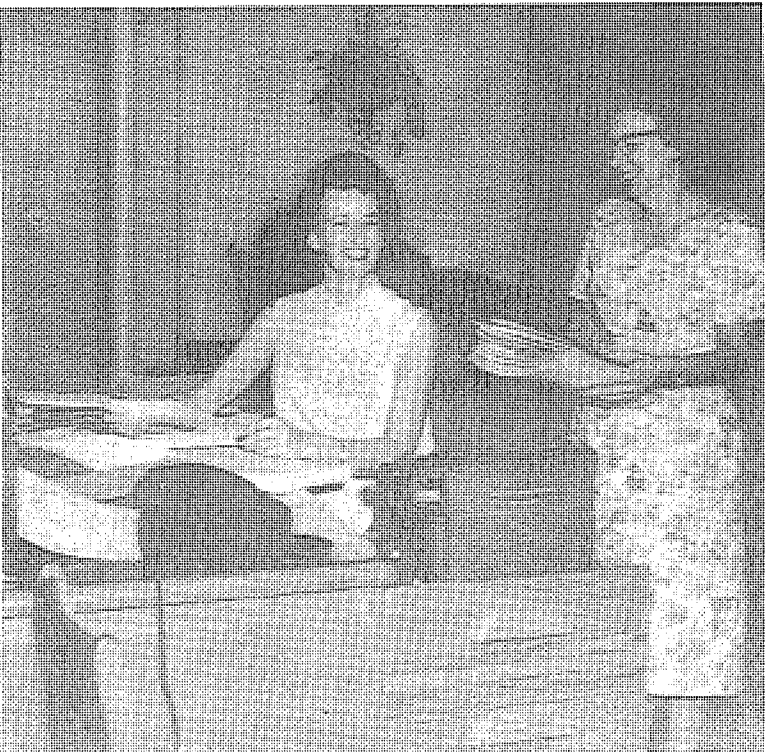

Student Council has announced the names of the people to represent our school at the district No. 6 meeting of Student Councils in Key West on March 9, 10. They are Jennifer Dennis, Bucky Fohs, Valerie MacKenzie, Sandra Olivero, Oleathia Prevett, and, as alternate, Rosemary Maynard.

With their sponsor, Mrs. Elizabeth Stoinoff, the above students will attend a game and a dance of the evening, March 9.

Real Cool Office Gift Of Service Clubs

Things will be real cool around the main office soon, thanks to Civinettes and Civitan. The two service clubs have donated the money for air-conditioning there, and hope for installation in the near future.

Another service project of both clubs is the donation of money to the science department. This will go toward the purchase of encyclopedias.

Mrs. Virginia Pricard and Mrs. Lucy Doby, secretaries in the main office of H.H.S., are two of the people who will greatly appreciate the installation of the air-conditioning provided by Civinettes and Civitan.

Wheel Adopts New System

Members of the Wheel Club in the coming weeks will be observed walking through the teachers parking lots looking for dirty windows to wash... This is one of the newest projects for this service club.

The window washing is for club members who want to earn points in the new merit system, under which they must earn ten points a month.

The purpose of the new program is to spread the work and responsibility of the club so more can be accomplished. Merits may be accumulated by serving on committees in the club, wearing the club jackets on Monday, washing car windows and doing work for teachers.

Demerits are also given for coming to meetings late, not coming at all and being expelled from one.

This new system is one of the many new changes Mr. Kenneth Jenkins and Mr. John Jenkins have helped Wheel make this year in an attempt to form a better service club.

Anchor Active With "Derby Day" Plans

Hialeah High School's Anchor Club has sailed smoothly into the new semester with numerous plans and projects.

Toward the end of March the combined clubs of Anchor and G.A.A. plan to hold "Derby Day," a carnival and contest day with proceeds being split between the two clubs.

Future Anchor plans include, on April 7, a Hialeah High Anchor sponsored District Meeting for all Miami chapters.

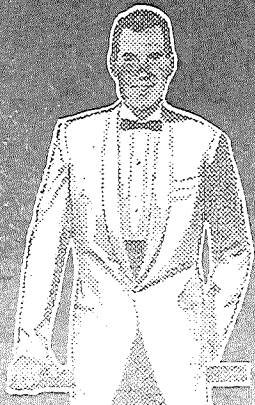

In conjunction with their work at the Montanari Home, Anchor has undertaken to visit the schools and hospitals for retarded children in the Miami area.

Easter week-end Anchor is planning a "Nautical Cruise" on the Dreamboat, the cruise is a combination dance and bay cruise at which the Anchor Admiral and Shipmates for the next year are announced.

Civinettes and Civitan will be assisting with the Hialeah High Science Fair, to be held at the school on March 1, 2, and 3. They will set up the projects to be displayed. After the fair they will take them down again. Members of both clubs worked on the Heart Fund Drive February 21 through 25.

Civitan's most recent school beautification project was the planting of shrubs in the area under the ramp. They also arranged rocks there to add to its attractiveness.

Tennis Team Faces Many Challenges

The Thorobreds won their first tennis tournament of the season. They defeated South Dade 4 to 3.

The number 1 and 2 players, Joe Williams and Don Greenwell of Hialeah lost to Larry Buhrman and Bill Porter of South Dade, respectively. Louis Barker (Hia.) defeated Penny Peskoe (S.D.) 8-6, 6-4. Don Wilmond (Hia.) defeated Robert Hess (S.D.) 6-1, 8-6. Riley Tuck (Hia.) defeated Thomas Whitlack (S.D.) defeated 6-0, 12-10.

In doubles Larry Buhrman and Robert Hess (S.D.) defeated Joe Williams and Riley Tuck (Hia.) 6-0, 6-3. Don Greenwell and Louis Barker (Hia.) defeated Bill Porter and Danny Peskoe (S.D.) 6-3, 6-3.

Hialeah netted thier second victory of the season in a match against Southwest. The Thorobreds made a clean sweep by winning all 14 matches. In 11 matches Hialeah held Southwest scoreless.

The most exciting match was a doubles match, with Charles Pollock and David Fagan (Hia) against Bill Lamm and Fred Henreitz. This was the last match of the evening and darkness was setting in. The teams were tied, and a time limit was set. Hialeah became a victor-ious 4-2.

The results of the rest of the boys' matches Joe Willias (Hia) de-fated Bill Lamm (6-0; 6-2) Don Greenwell (Hia) defated Fred Hen-reitz (6-0; 6-0) Louis Barker (Hia) defeated Bill Chiles (8-0) Don Will-mon (Hia) defeated Steve Fields (8-0) Riley Tuck (Hia) defeated Dennis Frodshom (8-0). In doub-les the team of James Welsh and Bill Panco defeated Chiles and Fields.

In the girls matches Enid Wil-liams (Hia) defeated Cathy Andrews (6-0; 6-0) Ann Sjogren defeated Minette Yunes (6-0; 6-1) Kathleen Gerishty defeated Fran Carfagno (8-0) Ann Carey defeated Pat Gug-liemo (8-0) Arlene Kraczyk (Hia) defeated Andra Commi (8-0).

In the girls doubles the team of Kathleen Gerathy and Nancy Ham-merstrom defeated Cathy Andrews and Minette Yunes won (6-0;6-0) Winnie Beer and Karen Kraczyk defeated Fran Carfargano and Pat Gugliemon (8-0).

Hialeah High Tennis team suf-fered its first defeat in four games to Curley 5-2.

In single games Joe Williams (H) defeated Mike Keighley 6-0; 6-2; Dick Brownlow smashed Don Green-well (H) 6-3, 6-4; Rene Torrado beat Lewis Barker (H) 3-6, 6-1, 6-2.

In other games Tom Seifert won 3-6, 6-2, 6-2 over Don Wilmon (H); Riley Tuck (H) lost to Mike Mor-gan 1-6, 3-6. Doulbles saw Williams and Tuck lose 6-1, 4-6, 2-6 to Keigh-ley and Torrado; while Brownlow and Seifert lost to Greenwell and Barker 2-6, 6-4, 6-2.

MATCHING TENNIS WITS for upcoming tennis games are: Back line, Kent Mommsen, Lewis Barker; Front line, Riley Tuck, and Randy Williams.

Golly Rates as Extramural

Hialeah was playing South Dade last year at a crucial point at bas-ketball sportsday. Hialeah had to beat them to have a chance at the plaque. But everything seem to be at a standstill; neither team seemed to be able to make a point.

Then with a glance down the line Miss Quinn Kelley decided to put Linda Goolattscheck in; a junior. The reason Linda wasn't playing was because of an injured hand. She had hurt it in practice.

Linda won the game scoring the only eleven points for Hialeah.

This is only one example of how Linda, better known as Golly, has helped Hialeah girls' sports on to victory.

Golly has been on the following sportsday teams: Volleyball 10, 11, 12; basketball 10, 11, 12, and has gone out for softball intramurals.

Golly is also a member of the officials' team at Hialeah.

....Golly has been a member of Girls' Athletic Association for three years, and now holds the office of corres-ponding secretary... She is also a member of Girls' Letter Club, an She is also a member of Pep Club this year.

Golly is undecided about her fu-ture but she is very interested in

Softball Begins

Girls softball intramurals began, Wednesday, February 21, with Miss Alleine Swain in charge.

The girls will practice the first week, and then intramurals will be-gin, to continue for three weeks.

After intramurals will be tryouts. The girls will have to practice for a very short time only, because the softball sportsday will be held on Friday, March 30.

"Hialeah will win in the sports-day, of course," stated senior Bren-da Rowe, "but we will really have to get down to business since we don't have a lot of time to practice before the big games." honorary club for G.A.A. and cheer-leaders who have earned their let-ter.

anything that has to do with sports.

"My favorite sport is basketball," she says, and it is a small wonder why she does since she measures in at a short five foot, eleven inches in her stocking feet. Golly plays forward for the Hialeah "A" team. (For results on this sportsday look to far right of the page.)

Because of her fine abilities, and her willingness to learn, and do for others, it is understandable why Linda Gollattscheck is, in the opin-ion of all the girls' physical educa-tion teachers, worthy of being singled out as "Extramural Girl" of this edition of the RECORD.

Basketball Sportsday A, B Team Win

By Brenda Rowe

North Miami High School play-ed host to a victorious Hialeah A and B basketball team, Friday, February 16.

The first game of the day saw a defeated Norland A team as Hia-leah kept their scoring to a mere four points, while the T-Breds scored 20.

While the T-Breds' A team went on a scoring rage, the B team held Norland down to 4 points again as they swept on to 29 points.

North Miami B team kept Hialeah down to only 10 points, but they could score only 4.

Hialeah's A team then stomped the Pioneers with the score of 16-6.

The last games for the Thorough-breds were with Central A and B team. The scores were 11-6, and 26-3 respectively.

FREE THROW CONTEST

North Miami held a free throw contest in which one person from both the A and B team could par-

ticipate.

From Hialeah's A team was Janet Forsythe, and from the B team Cora Sue Zolobosky.

Janet came in second place with Central placing first. The free-throw contest was with 25 shots. There was a four way tie, and Janet Forsythe then shot 6 out of 10 shots to give her a miniature silver bas-ketball for winning.

The members of the A team are: Janet Forsythe, Mickey Noone, Cheryl Goode, Sue Wilder, Carmen Serrano, Brenda Rowe, LaQuanna Caywood, Arlene Kraczyk, Wilma Santiago, Dinah Deptula, Linda Heacock; Nila Autry and Linda Gol-lattscheck were co-captains.

The members of the B team are: Laurie Shalley, Cheryl Goodwin, Donna Miller, Linda Miller, Noreen Pilius, Barbara Perkins, Shelia Ripley, Becky McGriff, Sue Migone, Valerie McKenzie, Karen Kraczyk, Sheri Houston, Sandi Mongelli. The captain was Cora Sue Zolobosky.

Hialeah won every game by a large margin except for the Cen-tral, Hialeah A team game which was 11-6.

The T-Breds B team kept their opponents below four points as they raced on to all double figures.

Linda Gollattscheck scored many points for the A team. Linda, a senior, is five feet eleven, and is exceptional in a lay-up shot under the basket. She scored the most points.

Laurie Shalley, a sophomore, shocked her opponents by her agili-ty and skill in making a running lay-up shot.

With only three dribbles allowed the girls' basketball team, Laurie switched hands doing her lay-up shots which proved to give the guards a lot of trouble.

The A and B team coaches were Miss Dorothy Ross, and Miss Quinn Kelley respectively.

Given to the coaches were cor-sages of white carnations with red and blue ribbon, and a promise of the two plaques to bring home to hang on the wall with the other plaques that have been won on pre-vious sportsdays.

The promise was kept.

Tides Take 57-45 Win

Hialeah suffered its second straight defeat to Miami Beach by a 57-45 count. This was the first time that the T-breds have lost two games.

Hialeah remained in the game for dropping behind by 12 points at two quarters of the game before the end of the third quarter.

Bob Mahon again led the team in scoring with 18 points while "Big Bad" Barbieri and Pablo Nieves added 10 and nine points respectively.

T-Breds Win 58-53 First Over Palmetto

Hialeah, with three of the first string riding the bench for half the game knocked off the Panthers with a 58-53 win at Palmetto's gym.

With Bob Mahon sick and three of five starter sitting the bench half the game the T-breds could manage only a five point victory over Palmetto.

Behind by one point at the end of the first three quarters Hialeah poured in 21 points in the last quarter to pull the game out of the fire.

Bill Mahon led the team in scoring with 13 points while Bill Sport contributing 11 and "Brains" Nieves, "Big Bad" Barbieri and Dave Deater all also added eight points.

T-Breds Drop 2

Hialeah High basketball team (?) suffered two straight defeats on successive nights to Southwest 60-36, and North Miami 64-54.

In the first game the T-Breds made the first quarter look like a close game, but after that Hialeah slowly got smashed.

Leading scorer for the game was Pablo Nieves with 10 while Bill Mahon added a big six to out-score his brother Bob by one.

At North Miami Hialeah was never in the game as they fell behind in the first quarter by 10 points 21-11.

By the end of the next two quarters the T-Breds were losing by a 17-point margin.

Bob Mahon led Hialeah in scoring as he had 14 points. "Big Bad" Barbieri (11) and Bill Mahon (10) followed next with David (Dexter "D") Deater added eight.

Bill Fisher's

HIALEAH FLORIST

Colts Take Two In Streak

Kit Wyatt's hot third quarter shooting gave Hialeah's Colts a thrilling 47-46 revenge victory over South Dade.

Hialeah led 17-9 at the end of the first quarter. But their lead wilted to 21-20 at the half, as the Colts hit for only four points in the second period.

Then Wyatt went into his scoring act as he poured in 10 of the Colts' 14 points in the third period. Hialeah led 35-30 at the beginning of the fourth quarter, and held off a desperate South Dade rally to wrap it up.

Wyatt was high scorer, along with Gene Cuccio with 11 points apiece. The win gave Hialeah revenge for an earlier season loss to the Rebels.

Rufi Menendez wrecked Columbus' defense for 22 points, as Hialeah raced to a 63-53 triumph over the Explorers.

Menendez rang up all his points on 11 fielders. Gene Cuccio was second best with 17 points for the night.

The Colts took a 13-10 lead in the first quarter, and increased their margin as the game went on. Columbus never could close the gap between the two rivals.

Gene Cuccio's 21 points paced Hialeah's Colts to a 57-45 victory over Key West, as the cagers rang up their third win in a row.

Kit Wyatt chipped in with 12 points, while Rufino Menendez and Scott Davis bucketed nine apiece.

Cuccio's torrid scoring spree stayed at a steady pace, as the Colts got sweet revenge by thumping Miami Beach, 50-45.

Beach, which had won an earlier season game against Hialeah 60-46, was behind 26-13 at the half, and never could recover. After a first quarter battle which saw Hialeah leading 10-9, the Colts turned on the steam and in the second period, swarmed all over the Tides, as Hialeah outscored them 16-4. At the third quarter mark the Colts were out front 38-25.

Kit Wyatt and Rufi Menendez had 10 points apiece in the big victory.

Hialeah romped to their fifth victory in a row, with a 63-46 lacing of Palmetto's Panthers.

Cuccio was once again the top man with a 19-point output. Gene wrecked Palmetto's defense in the

second quarter, as he tallied 15 points. He was held to only two points in the whole second half.

A fourth quarter scoring spurge by the Panthers, stopped the con-

test from being a complete stomp, as Palmetto outscored Hialeah 22-13. At the end of three periods of play, the Colts were coasting 51-24.

Pictured above are Wayne Whitley, doing a flip on the trampoline, while Bob Donovan is spotting for him. Both of these boys are on the gymnastics team. The team has defeated Stranahan and South Broward this year.

There are approximately 15 boys cise, and long horse; Colin Backhart, rings; Bob Donovan, rings; Bill Forman, side horse; and Al Lironero, rings, parallel bars, and side horse.

The team has only five seniors, but there are a few very promising sophomores. Al hopes that sophomores and junior boys interested in gymnastics participation next year will come out to practices.

Charles Dean, high bar; Charles Colon, still rings, parallel bars, and high bar; Jim Cheetham, still rings; Tony McCollough, rings, free exercise, and long horse; Colin Backhart, rings; Bob Donovan, rings; Bill Forman, side horse; and Al Lironero, rings, parallel bars, and side horse.

T-Breds Score 101

Hialeah scored over 100 points for the second time in the school's history as they defeated the Explorers from Columbus by a 101-84 score at the loser's gym.

Bob Mahon aided the T-Breds in their quest for 100 with 52 points which was nine short of "All-American" Bernie Butts' record of 61. Bernie was also from Hialeah.

Conchs Beat Hialeah

Hialeah suffered its first loss in history to the Conchs of Key West by a 10-point margin, 63-53 at Key West.

Led by sophomores Ron Johnson and Joe Mira the Conches got leads of 14-11, 29-20, and 50-39 at the end of the first three quarters before coasting to their ninth victory.

Hialeah was led by "Brains" Nieves and Bill Sport with 17 and 12 points respectively while Bob Mahon smashed in nine.

This was the ninth loss against as many wins for the Thoroughbreds in 18 games.

Diamond Nine Open March 9

Hialeah High's Baseball team will open their 1962 season at home against Coral Gables, defending Class AA District 8 champion, March 9th.

This year's team will play more games than any other team in the school's history. Hialeah will also play, for the first time in Dade County, all their home games at night starting at 8:00 p.m.

The T-Breds will have eight returning lettermen this year and a new head coach "Fleet" Parsons. The eight returnees are as follows: Neal Kropff, Pablo Nieves, P. J. Williams, Bob Ylla, Kit Wyatt, Ricky Vance, Danny Kosciow, and David Magnole.
